

LICHTMOND

Catching Rainbows

Kaleidoscopic color games
On stardust's glowing cloak
Fly away
From earth escape
A keeper of the flame

Got no bag
Just pride and pluck
My only confidants
And still the embers warm the bone
While on the road alone

It's happiness that
Makes me fly
On travels far and wide
But listen how my heart can laugh
Out loud and sometimes shy

Poem: Gabi Koppehele

Where is the sunshine
That made my day
Seems all colors fade away

Don't turn to old ways
We've come so far
Our love is like a shining star

Let me take you to
The world of colors again
Breaking through the clouds
The sun takes over the rain

Uuh, we're catching rainbows in the sky
Uuh, we're catching rainbows, you and I

Embrace the presence
Let's give it a try
So much time has passed us by

I need to share with you
A distant sky
Looking through the eyes of a child
